1. Design: ticket title…

JIRA ticket link
3. Create the JIRA ticket (in epic if appropriate), paste section 2 in the summary and copy the link here

2. Ticket Summary Design brief

Summary
Write the overall goal of this design ticket…

Key Questions
- What if…
- Do we…

Brand new or an improvement to related existing features?

-

Specific functionality we are confident we want to support

-

Tactics to complete this design effort

-

Progress Notes

This is space is for showing thoughts and process / iterations along the way.

/date

-

Design Solution

Feature Summary
Generally describe what this solution allows…

Design Prototype
paste figma url

Design File
paste figma url

Design Assets/Images
-

Component 1
-

Explanation of success/error states and how to handle
-

Other Questions
- Should any improvements be done by a specific time vs. one that would be nice in the future?
- Is anything a placeholder for now?
- Are there *someday* improvement ideas?
